MATLAB®&SIMULINK®

Uniwersytet Wroclawski provides unlimited use of MATLAB and Simulink products to all Students, Educators and Researchers

Uniwersytet Wroclawski has a Campus-Wide License for MATLAB, Simulink, and add-on products. Faculty, researchers, and students may use these products for teaching, research, and learning. The license allows individuals to install the products on university-owned equipment, as well as personally owned computers.

About MATLAB and Simulink

MATLAB, the language of technical computing, is a programming environment for algorithm development, data analysis, visualization, and numeric computation. Simulink is a graphical environment for simulation and Model-Based Design of multidomain dynamic and embedded systems. MathWorks produces nearly *100 additional products* for specialized tasks such as data analysis, image processing and artificial intelligence.

Install and Activate the License (Students, Faculty and Staff)

For instructions in downloading the software, as well as other resources such as online trainings and instructional resources, go to the **Uniwersytet Wroclawski Portal Page**

If you are new to MATLAB, learn the basics with the 2 hour online course *MATLAB Onramp*.

Getting Started: Learn About Capabilities and Using the Software:
